

RSPB GOTHIC HANGING TABLE - ASSEMBLY INSTRUCTIONS

CONTENTS:

A - HALF GABLE (with
joiner block) x2
B - HALF GABLE x2
C - ROOF PANEL x2

D - RIDGE x1
E - WOODEN TRAY x1
F - PLASTIC TRAY LINER x1
G - 30mm SCREWS x16
H - 60mm SCREWS x2

STEP 1

JOIN THE GABLES (A) AND (B) TOGETHER USING 30mm SCREWS. MAKE UP TWO GABLE SECTIONS IN THIS WAY.

STEP 2

FIX ONE OF THE ROOF PANELS (C) ONTO THE GABLES USING 30mm SCREWS. ENSURE THE UPPER TIP OF THE RAFTER ON THE ROOF PANEL IS ALIGNED WITH THE APEX OF THE GABLE. THE GABLES FIT ON THE INSIDE OF THE RAFTERS.

STEP 3

FIX THE SECOND ROOF PANEL ONTO THE OTHER SIDE USING 30mm SCREWS. FIX THE RIDGE (D) IN PLACE USING 60mm SCREWS (THE SCREWS SHOULD GO THROUGH THE RIDGE AND SCREW INTO THE BLOCK JOINING THE GABLES TOGETHER.)

STEP 4

PLACE THE PLASTIC LINER ON TOP OF THE WOODEN TRAY (E). SCREW THE ROOF ASSEMBLY FROM STEP 3 ONTO THE TRAY USING 30mm SCREWS.

SHOULD YOU WISH TO REMOVE THE PLASTIC LINER AT ANY TIME FOR CLEANING, ONE OF THE WOODEN TRAY SIDES CAN BE SWIVELLED UPWARDS, ALLOWING THE LINER TO SLIDE OUT SIDEWAYS.
